

Making Memories

Nothing is more important to a child or to a parent than the quality of fun and education that a child receives over a summer break.

So why not bring your child to a fun and caring atmosphere that will challenge them physically and mentally?

A Camp Above

The Sun Belt camp will be one that will incorporate all points of Sun Belt's martial arts program as well as the fun activities that, kids and parents have come to expect from summer programs. There is no other camp that gives a child so much.

Imagine how great your child is going to feel after a week of working out, sweating, playing games and learning one of the most effective and disciplined martial arts. The camp will be filled with goals and expectations and tons of positive reinforcement to help your child achieve these goals.

Trust your child to our caring instructors and helpers to get your child to the next level.

What to Expect

Weekly Activities Each minute of the Summer Camp is planned to allow the maximum amount of information to be taught to the campers while not allowing boredom to set in. We are planning one off-site activity in each session where the kids can try their skills at other things. (Extra Cost to be announced)

<u>Circle Which Camps</u>		Costs
